

TESTIMONIES 2009

- I had a lump/mass in my breast and received prayer at the Healing Rooms where I felt the strong presence of God. I was scheduled to have a mammogram/ ultrasound & just before the doctors did the test I felt God really do something in my body. After they did the test and checked the x-rays and ultrasound there was nothing there and the lump was gone. Hallelujah!

Jenny

- I had severe migraines and was healed of them completely after receiving prayer at the Healing Rooms. It's been over a year and still no more migraines. Praise the Lord!

Austin

- I came to the Healing Rooms with a friend & I also received prayer for what doctor's claimed is 'Lupus'. Afterwards I went and had a blood test done and all the results were normal. What an amazing Blessing!

Cynthia

- My right hip kept going out which affected both walking and sitting. After prayer at the Healing Rooms there was significant improvement and I am believing God for full recovery.

Mike

- I had pain & tingling in my feet constantly. As I received prayer at the Healing Rooms, the Holy Spirit came and the tingling went away and normal feeling was restored to my feet.

Naomi

- I had been suffering with heavy depression, a sense of rejection and shame. At the Healing Rooms all I told them was I needed "inner healing". The prayer team received a 'word of knowledge' about "a spirit of shame" and as they prayed I was delivered from that and filled with Joy. Thank you Jesus!

Donnajean

- I struggled with Fear of being afflicted because of trauma & physical pain I'd endured during my life. During prayer at the Healing Rooms I was delivered from "a spirit of self-preservation". I experienced angels that came to me, which God told me would always be there to protect me. God is awesome!

Lori

- The very thought of trying to get organized made me feel frustrated and anytime I tried to organize things I would lose my joy. After prayer at the Healing Rooms, I was able to plan how to organize things and carry out the plan without any frustration, nor did I lose my joy. The Lord has healed me & I no longer must live in a disorganized environment.

John

- At the Healing Rooms, the Holy Spirit led the prayer team to pray for exactly what I needed but could never verbalize. I was healed from generational past things that kept me from an intimate relationship with the Father in Heaven and from all I could be in the Holy Spirit. Past issues were removed & I was filled with new thoughts. I am Healed in Jesus Name!

Deborah

- While I received prayer at the Healing Rooms, the Glory of the Lord fell upon me & there was a reaffirmation of my calling. I was overcome by His tangible presence and humbled at His awesome Love. To God be the Glory!
