

HEALING ROOM TESTIMONIES--2015

My knees were swollen and there was a lot of pain when I went to the Healing Rooms. As they prayer I didn't feel heat or cold, but the hand of God touched me and my knee and foot is without pain. *Sheenda*

I went to the Healing Rooms not knowing what to expect. When I arrived I was greeted by a sweet couple who talked to me and then prayed for the bondage they felt around me. I remembered some old Buddhist statues and other eastern religion items that were in my home and I agreed to throw them away. I immediately felt this suction in my body and saw a scary shadow leave out of my body. A heavy weight left my body & Praise God it has never returned. *TMG*

When I came to your Healing Rooms about a year ago I was overweight, could not walk without a cane or a walker. I had tried all types of things to lose weight, but nothing worked. You prayed for me and less than a year later I've come back to let you know that God has Blessed Me to lose 104 pounds and I am walking without a cane. *Barbara*

A young man came in who had a painful dislocated shoulder. After we prayed for him, we asked him to move his arm. He began swinging his arm and shoulder around in a circular motion and said the pain was gone. He said when we touched his shoulder and prayed he felt heat. Then he began to weep. *ES*

A lady came in to stand in for her nephew who was going to have surgery to repair a deflated lung. We prayed and heard the next day that the surgery was cancelled and the lung had inflated. Praise the Lord. *Susan*

I came in for prayer to heal my poor eyesight. After prayer my eyesight began to improve and I believe that Jesus will heal my eyes completely. Hallelujah. *Erica*

I came I for prayer for general poor health with low energy, blood pressure and sugar level problems. After receiving prayer, the next day I did all my housework and laundry before we left for vacation. Also my blood pressure was normal and ph level was in the right place. I praise God for His healing and trust Him to complete the healing. I'll be back for more prayer. *Carol*
